

Preparing to bid at auction

How it works

Here is a simple four-step process to ensure you can bid at our next Portfolio Auction.

1. Register your interest to bid online

- + View the 'Upcoming Auctions' page to select the property you are interested in.
- + Click 'Bidder Registration'.
- + Complete the requested details (including your email address and a password).

2. Download the AUCTIONS LIVE app

- + Download the AUCTIONS LIVE app to your smart phone or tablet.
- + The app is available for Apple and Android devices.
- + To login, simply use the email address and password created during the registration process.

Good luck at the auction!

3. We validate your details to bid online

- + Once you have submitted the online forms, you will be approved to bid on the selected property.

4. Bid at auction via the AUCTIONS LIVE app

- + Once the live auction commences, simply enter your bid by clicking the grey button.
- + To submit the bid, click the green 'Place Bid' button.
- + You will be notified immediately if your bid has been accepted or if you have been outbid.
- + The auctioneer will clearly state when the property is on the market and will be sold.
- + The app will update all bidding in real time and will also notify you when the property is on the market.
